The Thaw, Corey and Gould

cases make one reflect on the wis-
dom of Providence that keeps most
men poor.

It is easy to understand from
this season why Tennyson's Queen
of the May died of consumption
contracted in playing the part only
one time.

It may be well for our distin-
guished foreign visitors to bring
only imitation jewelry and toilet
articles if they would foil the sou-
venir hunter.

There seems to be a very gen-
eral agitation throughout the coun-
try on the subject of pure milk in-
duced, perhaps, by the recent pure
food legislation. If we are to have
pure drugs and pure whiskey and
pure sausage, why not also pure
milk? Moreover, it is widely be-
lieved that many contagious dis-
eases, especially that infant in-
fancy, are brought about and
spread from the use of impure
milk. We are told that milk con-
taining more than one-half million
of bacteria to the gallon is not safe.
Well, we should say not, unless
bacteria in milk, like microbes in
cheese, are necessary to excellence.

It looks as if Rev. Dr. Long, the
Nature writer, may keep on insist-
ing on further remarks from Mr.
Roosevelt until he brings down on
himself something like that letter
to the labor delegation. Mr.
Roosevelt takes plenty of time in
what he does they are usually all
that was asked for. However, Mr.
Long is a literary not a political
issue.

Rev. Dr. Ferguson says that while
he was in Panama he saw several
members of the Congressional
party back for a saloon as soon as
they landed, and he wants the
President to investigate it. There
will be no need for the President
to leave Washington to do so. He
can see the same thing there if he
will wait until the opening of
Congress.

Theosophists have in recent
times located their Mahatmas in
inaccessible Tibetan regions, no
doubt, taking their cue from the
isolation of the Del-Lama. It is
the old story, "Familiarity breeds
contempt," whether it is with
Lamas, Mahatmas, or medicine
men.

All of these people who are ar-
guing that women should be espe-
cially protected because they are
more delicate than men should
take a look around at the girls who
wearing peek-a-boo waists while
the men are shivering in their win-
ter dannels.

The nature story fakers seems to
have had their first examples in
that Adam and Eve story about the
snake and later the Jonah tale the
characters in which could doubt-
less hying affidavits to prove the
truth of their observations if they
were here.

From all accounts that come from
the big cities it appears that in
race suicide the stork is not so
much to blame as the milk.

A telephone merger at Buffalo is
estimated at \$5,000,000. An
demonstration of the saying
"The more you talk, the more you
lose."

The Farmers' Union in several
parts of Texas are much in earnest
in regard to the erection of ware-
houses; and now that some of these
warehouses are declaring comfort-
able dividends, the new scheme
will become more popular. It is
pretty well established that these
warehouses enable the planter to
get a better price for his cotton,
enabling him to maintain the in-
dependence of spirit and action
which is the glory of his calling—

Every Man His Own Doctor.

The average man cannot afford to
employ a physician for every slight ailment
or injury that may occur in his family,
nor can he afford to neglect them, as a
slight ailment at the scratch of a pin
has been known to cause the loss of a
limb. Hence every man must from ne-
cessity be his own doctor for this class
of ailments. Success often depends
upon prompt treatment, which can only
be had when suitable medicines are kept
at hand. Chamberlain's Remedies have
been in the market for many years and
enjoyed a good reputation.

Chamberlain's Cough, Cholera and Di-
arrhoea Remedy for household use. Cham-
berlain's Cough Remedy for
coughs, colds, croup and whooping cough.
Chamberlain's Pain Balm (an anti-
septic liniment) for cuts, bruises, burns,
sprains, swellings, lame back and rheu-
matic pains.

Chamberlain's Stomach and Liver
Tablets for constipation, biliousness
and stomach troubles.

Chamberlain's Salve for diseases of
the skin.

One bottle of each of these five prepa-
rations costs but \$1.25. For sale by
all druggists.

The Del-Lama, as the great un-
searchable Pope in Tibet is called,
has been discovered again. We
remember seeing a picture of him
in the primary geography we
studied fifty years ago, a peculiar
looking creature sitting cross-leg-
ged on the floor of a pagoda. Dis-
tance has long lent enchantment to
this view of this, no doubt, com-
mon ecclesiastic.

Do Not Neglect the Children.

At this season of the year the first
unusual looseness of a child's bowels
should have immediate attention. The
best thing that can be given is Cham-
berlain's Cough, Cholera and Diarrhoea
Remedy followed by cod liver oil as di-
rected with each bottle of the remedy.
For sale by all dealers.

For those who are ignorant of
the kind of trees to plant, how,
when and where to plant, the U. S.
Agricultural Department will
send all of this information free of
charge upon application.

Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Fol-
ley's Honey and Tar is the best prepa-
ration for coughs, colds and lung trouble.
I know that it has cured consumption in
the first stages. You never heard of
any one using Folley's Honey and Tar
and not being satisfied. The J. F. Crow

Colic and Diarrhoea

Pains in the stomach, colic and diarrhoea
are quickly relieved by the use of
Chamberlain's Cough, Cholera and Diar-
rhoea Remedy. For sale by all druggists.

The world owes every man a liv-
ing, but she only pays when you
make her.

WHY IT SUCCEEDS

Because It's for One Thing Only, and
Jefferson People Appreciate
This.

Nothing can be good for everything.
Doing one thing well brings success.
Doan's Kidney Pills do one thing only.
They cure sick kidneys.

They cure backache, every kidney ill,
J. P. Williams, barber, Pittsburgh,
Texas, says: "After using one box of
Doan's Kidney Pills I must say that I
think them the finest kidney remedy
on the market today. Before using
them I was troubled a great deal with a
sharp aching pain across my back, ac-
companied by inflammation and pain in
the bladder. The secretions were a white
thick color with a heavy deposit of
white colored sediment. After using
Doan's Kidney Pills, all this was
changed, the secretions became clear
and regular and the pain in my back
entirely disappeared."

Plenty more proof like this from Jeff-
erson people. Call at The J. F. Crow
Drug Co's, store and ask what their
customers report.

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

The great ex-Confederate Reun-
ion at Richmond, Va., reselected
all general officers as follows:
Grand Commander, Stephen D.
Lee of Mississippi; Lieutenant
General, Department of Virginia,
Gen. C. Irvine Walker of South
Carolina; Lieutenant General, De-
partment of Tennessee, General
Clement A. Evans of Georgia;
Lieutenant General, Department
of Trans-Mississippi, Gen. W. L.
Cabell of Texas. All of the officers
were chosen by acclamation.
Birmingham was the city chosen
for the next (eighteenth) annual
reunion of the veterans.

Remarkable Rescue.

That truth is stranger than fiction,
has once more been demonstrated in
the little town of Fedora, Tenn., the
residence of C. V. Pepper. He writes: "I
was in bed, entirely disabled with hem-
orrhages of the lungs and throat. Doctors
failed to help me, and all hope had fled
when I began taking Dr. King's New
Discovery. Then instant relief came.
The coughing soon ceased; the bleeding
diminished rapidly, and in three weeks
I was able to go to work." Guaranteed
cure for coughs and colds. 50c.
and \$1.00, at W. J. Seaberry's drug store.
Trial bottle free.

Servants' Influence on Manners.

"The women of my acquaintance,"
writes Josephine Desham Bacon in the
American Magazine, "are more con-
siderate in their manner to their ser-
vants than to their relatives and friends
and for the best of reasons—they are
more likely to lose the first mentioned
through inadvertence than the last, and
it is practically of far more im-
portance to consult their idiosyncrasy."

There is no case of indigestion, no
matter how irritable or how obstinate
that will not be speedily relieved by
the use of Kodol. The main factor in curing
the stomach of any disorder is rest, and
the only way to get rest is to actually
digest the food for the stomach itself.
Kodol will do it. It is a scientific prepa-
ration of vegetable acids containing the
very same juices found in a healthy
stomach. It conforms to the Pure Food
and Drug Law. Sold by The J. F. Crow
Drug Co.

His Opportunity.

Ardent Swain (to object of his af-
fection)—For several weeks past I have
been trying to speak to you, Miss Rose,
but you never gave me the chance of
putting in a word. I therefore gladly
avail myself of your temporary ab-
sence to make you an offer of marriage.

Ancient Rome

Ballard's Snow Liniment is the family
inimitable of the twentieth century. A
Doan's Kidney Pills, a bottle of
Cuts, Sprains, Neuralgia etc., M. C. H.
Ronyon, Stanberry, Mo. writes: "I
have used Snow Liniment for Rheumatism
and all pain. I can't say enough
in its praise." Sold by W. J. Seaberry

The great bank of Newfoundland is
800 miles long by 120 miles broad. It
has been formed especially by earth
and bowlders dropped by the immense
icebergs which constantly melt down
from the frozen north, and it is the
greatest natural fish farm in the world.

Deafness Cannot be Cured

by local applications, as they cannot reach
the diseased portion of the ear. There is only
one cure, and that is by constitu-
tional remedies. Deafness is caused by
inflammation of the mucous lining of
the Eustachian Tube. When this tube is inflamed
you have a runny nose, and imperfect hear-
ing, and when it is entirely closed, deafness
is the result, and unless the inflammation can be
taken out and this tube restored to its normal
condition, hearing will be destroyed forever.
True cases of deafness are caused by Catarrh
of the Eustachian Tube, which is an inflamed condition
of the mucous surfaces.

We will give One Hundred Dollars for
any case of Deafness (caused by Catarrh) that
cannot be cured by Hall's Catarrh Cure. Send for
circles, free.

The Laredo Times justly boasts
of a Webb county jury that, in ten
days after the commission of murder,
had passed on the crime of the
culprit and ticketed him to ninety-
nine years in the penitentiary.

That jury ought to be kept on a
good salary and sent to as many
criminal trials in the State as pos-
sible, that others might emulate
their excellent example.—Colo-
